

RESUME | David L. Shrontz, Architect

David L. Shrontz, Architect

Principal Architect

Professional Registrations:

Licensed Architect – Idaho
Licensed Architect - Washington
Licensed Architect - Montana

Credentials:

BArch – Washington State University, 1994
LEED ap – Accredited Professional
USGBC Member
NCARB certified

Experience:

Dave has over 25 years of experience in the field of architecture working as an architect for several large retailers and most recently, the principal architect at d'Zign group Architecture, LLP. As a professionally licensed, LEED accredited, NCARB certified Architect, Mr. Shrontz's career has afforded challenging opportunities gaining leadership experience in the cross-functional facets of corporate enterprise. A forward thinking professional, his corporate experience and successes are in combining the rigors of team building and extensive program and project management skills in the complex environment of larger organizations. His creativity in developing a wide range of alternatives in solving problems, and effectiveness at strategic and tactical planning has led to strong financial results.
