

Anthony j. Zanetti, Interior Architect

Interior Designer

Credentials:

BFArts – University of Idaho, 1996
ASID Member

Experience:

Tony has nearly 20 years of experience in the field of architecture and interior design working as a designer for several large firms and most recently, a principal designer of his own company. What started out as a two person partnership has now developed into a multi faceted company. Mr. Zanetti's tasks range from furniture and material selections, coordinating lead and delivery times, designing interior floor plans and specifications, reading and detailing construction documents, submittal reviews and if needed, detailing a house into a home. With the recent boom in the construction market, he has become a specialized coordinator of subcontractors, client needs and shopping when they are in town. Project management comes naturally to him as he has spent his entire life in the construction business in one form or another.

Project Type Experience:

- Commercial Office and Tenant Improvements
- Public Works
- Medical
- Industrial
- Residential
- Educational
- Remodel, Retrofit, and Adaptive Reuse
- Wood frame Construction
- Steel frame Construction
- CMU & Tilt up Construction
